On Friday July 11, 1969, Ted Conrad walked away from his job at a bank secretly carrying a bag of \$215,000. The robbery was discovered the next Monday, but Conrad was long gone. US Marshals tracked him down in Boston on November 10, 2021.

How many days did it take to find him?

Summer camps & Autumn/Winter courses

Please find attached details for our summer cricket camps that are run at the Grammar School at Leeds (GSAL). We would be very grateful if you could include details in your school newsletter or on your website for parents to see.

We also run Autumn and Winter courses, every Friday evening from September to Easter (also at GSAL), for children aged 7-15. Full details on the link below, and on the attached flyers..... [See more](#)
